## **FAREWELL LETTER**

### **From Dr Gene Gonzales**

To my dear patients and families at Broomfield Pediatrics,

Thank you for the opportunity to work with you and your children. Despite the enormous fulfillment I find in serving and growing with you all (some for 25 years!), it is time for me now to take care of my family who have allowed me to flourish in this profession of service. On March 1<sup>st</sup>, 2019, my 93 year old mother suffered a stroke; my brother and I then decided to take care of her on our own. As such, I have requested for early retirement which Dr. Nancy Greer and Broomfield Pediatrics graciously allowed. Rest assure that your families will be ably cared for by Nancy Greer MD, David Florio MD, Mallory Mehl FNP, and Sarah Wilson PNP.

I will always cherish the lessons learned from you all. I will always be grateful to you for sharing those momentous events in your lives. Again, thank you for the privilege of growing with and serving your children and families.

Sincerely,

Gene G. Gonzales, MD (Dr. G)
