

## BROOMFIELD PEDIATRICS WISHES A FOND FAREWELL TO

### Dr. DAVID FLORIO

Broomfield Pediatrics is sad to say goodbye to Dr. Florio who was with us for 1 short year.

We were excited when Dr. Florio joined us and hoped he found a permanent home here, but sadly, that is not to be.

Last January Dr. Florio was gifted with a son and over the last several months the extra time for his commute, which is over 45 minutes, has cut deeply into his family time and he is missing more and more with his son. Now Dr. Florio and his wife are expecting another wonderful little one and has decided it is not in the best interest of his family to continue to commute so far.

Dr Florio has enjoyed getting to know his patients and families and will miss everyone.

He will be missed but we wish him all the best!

Good Luck Dr. Florio!
